Vehicle Information

*As part of the application assessment process, SFV needs to assess the vehicles associated with your proposed carrier business against the relevant requirements of Standard 4.2.4 of the Food Standards Code. As a proposed dairy carrier, your activities are regarded as low risk, hence SFV is able to undertake this assessment through remote (desk-top) means. Therefore, as part of your application, please include photographs of a representative sample of your vehicles, showing all sides including visible registration plates, to show the overall condition and that they are maintained and fit for purpose.
